

Bromsgrove & District Amateur Radio Club.
Newsletter. 03.10.21

Club Nets.

These continue on Monday, Wednesday and Friday evenings. 7.30 local time. 145.400MHz FM. All welcome to join in.

From the Chairman.

We did discuss on Friday a weekend or in the week opening up the shack and operate the 3 stations over a couple of days to give everyone a chance to get use to log 4 OM perhaps all wearing masks plus Barrie has been working on the headset adaptors for the 590 & 7300 which allows two headsets to be connected to the radios so one member can log the other operate and with a flick of a switch they change over.

Please let me know your preference of weekday or weekend.
